ARAKS OF THE LEVANT

All Araks served traditionally with ice & a side of water

ARAK HADDAD GOLD JORDAN 14

is considered the world famous drink of Jordan, triple distilled from the finest aniseed in the world with grapes derived alcohol. This Arak has beautiful aromas of anise and has long complex finish.

Best served with water and ice and goes well with barbecued red, and white meat, fish and mezza.

The legends say that Osiris the ancient god of Egypt taught the Egyptians the art of distillation 2000 BC, since then the world has not been the same. With this great blend of ancient tradition and modern technology, Arak Haddad Gold has become a beautiful recreation for the ancient drinking delight, so you can enjoy the anise aroma and purity of Arak Haddad Gold either straight or after adding 2/3 water and ice.

ARAK HADDAD SILVER JORDAN 12

is a special smooth blend famous in the Mediterranean east coast and is designed to be enjoyed straight without water. Best served ice cold or with and ice cube, it goes well with most Mediterranean dishes and can be served as an aperitif.

ARAK DE KEFRAYA 14

Arak de Kefraya is a white alcohol, in which the very best French distillation methods are matched with Lebanese tradition. Arak de Kefraya is the only one which is distilled four times and from which methanol is taken out.

Traditionally in Lebanon, Arak goes with mezze. It is served in small glasses with 50% Arak and 50% fresh water with ice cubes. In Europe, it is enjoyed as an appetizer with 1/5 arak and 4/5 fresh water with ice cubes.

ARAK FAKRA LEBANON 12

Arak Fakra is Arak by excellence. Produced by traditional multiple distillations of "Obeidi" and "Merwayh" grapes and "Hina" aniseed, it is then left to age till maturity in clay jars

CHATEAU MUSAR L'ARACK DE MUSAR ARAK LEBANON 12

Made from five to ten year old grape spirit and distilled four times with anise seeds added at the final distillation, Chateau Musar Arack is 'finished' for between 12 and 24 months in terracotta jars.

It is usually enjoyed neat as a 'digestif'. It can also be taken with iced water like a classic pastis: long, cool and refreshing. Arack is a classic match for classic Lebanese 'mezze'

ARAKS OF THE LEVANT

All Araks served traditionally with ice & a side of water

OUZO 12 GREECE 10

Over the years Ouzo 12 has remained true to its original recipe. The spirit's characteristic taste comes from carefully selected herbs and spices - aniseed, star anise, fennel, nutmeg, coriander, cinnamon and cardamom. These are distilled in traditional copper pot stills and the resulting liquid is placed in barrels to marry the complex flavours until they attain the full, distinctive taste for which Ouzo 12 is famous.

ARAK ELITE ISRAEL 12

Triple distilled with the same fine ingredients used for centuries by Joseph Gold and Sons distillers since 1824, making the Elite Arak a fine and delicate traditional arak.

YENI RAKI TURKEY 10

Raki as a drink has been in the Turkish consciousness for over 500 years. Distilled using grapes, raisins and aniseed, Raki was first referenced in literature in 1510. It was then widely distilled throughout the Ottoman Empire and in 1937 it became known as Yeni Raki meaning "New Raki" to symbolize the coming of the new post-war era.

The rich heritage of Yeni Raki matches its rich flavour. With its tones of aniseed and distilled grapes, it is layered and dramatic. This flavour is created through a highly crafted distillation process. It is a skilled and timely process with the flavour and texture developing with each drop.

TEKIRDAG RAKI TURKEY 12

Tekirdag raki is produced using fresh and dried grapes together with high-quality aniseeds. It has a smooth taste and a balanced anise aroma.

YENI RAKI ALA 14

Carefully selected high quality grapes are sun-dried. It is distilled 3 times and then matured in special oak barrels to produce a mellow taste.

Intense anise flavours and aromas. The high alcohol content ensures a more balanced and long-lasting taste.
